This time proves to be valuable in building relationships that yield profitable results for your business. Lunch is served at 12:00 p.m. and during lunch the speaker will present their topic and spend some time communicating with the attendees.

### **Our January Program:**

### **“The 2010 Economy”**

**Guest Speaker: Dr. Donald Jud, Ph.D.**

Dr. Donald Jud is Professor Emeritus and Research Fellow in the Office of Business and Economics Research at the Bryan School of Business and Economics at UNC-Greensboro. He has taught courses in finance, real estate, and economics. Dr. Jud received his Ph.D. from the University of Iowa. He is author of over 80 academic articles and three books, including *“Inflation and the Use of Indexing”* and the *“Desktop Encyclopedia of Banking”*.

The domestic and global economy is recovering from one of the greatest economic downturns since “The Great Depression” of the 1930’s. Markets appear to be stabilizing, employment losses are moderating, and banks are coming off the life support generously provided by Uncle Sam. Which industry will drive future growth? Will companies restart hiring in 2010? How will government policy impact business? Dr. Jud will answer these questions and many more when he provides a comprehensive analysis of current trends and future prospects for the national and local economy.
